While the format may be different, the spirit of transparency, engagement, and accountability that defines our relationship with you remains unchanged.

I thank you for taking the time to join us today from wherever you are and for your continued trust in the Company and its management.

B. RECENT HISTORY OF THE COMPANY

At the outset, I am happy to announce that, for the second time, your company's Revenue from operations and EBITDA have crossed the ₹1,500 crore and ₹300 crore marks respectively during FY25.

D. FORGINGS – FORGING AHEAD

India is the fastest-growing major economy, with GDP expected to exceed 6% in 2025, driven by manufacturing, IT services, and domestic consumption. The International Monetary Fund (IMF) projects a 6.2% growth for 2025, highlighting India's resilience amidst global challenges.

The automotive sector, a key player in the economy, faced challenges due to macroeconomic conditions in FY25, including high interest rates and tighter credit in major markets. However, the Indian automotive market plays a significant role in the expansion and growth, contributing significantly to the Indian economy.

The forging industry is evolving rapidly. The forging market reached \$5.2 billion in 2024 and is expected to expand to around \$10.2 billion by 2033 at a 7.7% CAGR over 2025–2033. India remains the fourth largest manufacturer of commercial and passenger vehicles globally.

During FY25, the CV segment plays a significant role of MMF with overall sales of 80%. Passenger car segment constitutes 11.5% and others 8.5%. The export market conditions remain weak, impacted by geopolitical tensions, trade tariff pressures, a decline in business share in Europe, and a negative outlook for Class 8 trucks in North America. Overall, the Industry will closely monitor macroeconomic factors and global geopolitics, which will determine the key demand conditions, and supply chain dynamics going forward.

Your Company mainly focuses on new product development and total customer satisfaction, which in the past had helped us to achieve greater heights. Your Company will maintain the same formula for its progress in the years ahead.

Despite the challenging environment, your Company aims at:

- Improving sales and profitability in line with prevailing market conditions;
- Leveraging growth of established products;
- Expanding customer base to mitigate risks;
- Focusing on cost reduction, lowering energy consumption, and enhancing productivity;
- Expanding capacity to meet future demand;
- Continuing to develop and retain top talent;
- Strengthening the presence in export markets.

6. **MANAGEMENT DISCUSSION AND ANALYSIS:**

Economic Overview - Global

The global economy has shifted from a period of resilient growth and declining inflation to a more uncertain path. After a succession of adverse shocks in recent years, the global economy is facing another substantial headwind, with increased trade tension and heightened policy uncertainty. Currently, the global economy is undergoing a slowdown, with growth projected to decline from 3.3% in 2024 to 2.9% in both 2025 and 2026. This deceleration is being driven by several interrelated factors, including substantial barriers to trade, tighter financial conditions, reduced business and consumer confidence, and increased ambiguity in policy.

The emerging market and developing economies are anticipated to grow by 3.7% whereas, the advanced economies will grow by 1.4% in 2025. The tariff taxation measures implemented by the U.S. government are contributing to significant turmoil in global trade, while the rapid escalation of trade tensions and exceptionally high levels of

policy uncertainty are expected to further suppress global economic activity. Furthermore, the pervasive rise in sovereign debt, geopolitical uncertainties, and the impact of technological advancements will persist in influencing the global growth path in the years ahead.

Global headline inflation is expected to decline to 4.3% in 2025 and to 3.6% in 2026. Annual headline inflation in the G20 economies is collectively expected to moderate from 6.2% to 3.6% in 2025 and 3.2% in 2026. The Outlook highlights a range of risks, starting with the concern that further trade fragmentation, including new tariff hikes and retaliatory actions, could intensify the growth slowdown and trigger significant disruptions in cross-border supply chains.

Businesses across globe must remain vigilant and adopt adaptable, dynamic operational frameworks to effectively navigate shifting economic landscapes. Embedding resilience into business strategies is essential for sustaining consistent performance amid ongoing uncertainty. A strong focus should be placed on policies to reinvigorate business investment, innovation and productivity.

At the macroeconomic level, accelerating supply-enhancing reforms can help ease inflationary pressures, reduce debt burdens, and steer economies toward higher growth trajectories reminiscent of the pre-pandemic era, while promoting convergence toward higher income levels. Furthermore, international collaboration is vital to address the challenges of geo-economic fragmentation, advance climate change mitigation efforts, support the global transition to renewable energy, and facilitate the restructuring of sovereign debt.

Economic Overview - India

India remains the fastest-growing major economy, with GDP expected to exceed 6%, driven by manufacturing, IT services, and domestic consumption. India's GDP has witnessed a remarkable transformation over the past decade. The International Monetary Fund (IMF) has projected India's GDP growth at 6.2% for 2025, underlining the country's strong economic fundamentals and resilience amid global headwinds. Real GDP is projected to grow by 6.5% in 2026 and 2027, reflecting sustained economic momentum.

Private consumption will gradually strengthen, driven by rising real incomes that are helped by moderate inflation, recent tax cuts and a strengthening of the labour market. On the infrastructure front, India has substantially increased public investment, reflected in higher allocations in the Union Budget, aimed at boosting connectivity, job creation, and long-term growth potential. Investment will be supported by declining interest rates and substantial public capital spending, but tariff increases and broader trade tensions may damp investor sentiment, particularly in export-oriented sectors.

While inflationary pressures have resurfaced, robust agricultural output and proactive government interventions aimed at strengthening the food supply chain are likely to keep inflation within a manageable range, though still above the RBI's comfort threshold. Inflation may ease early next fiscal year, and we expect inflation to slowly revert to the central bank's target of 4% from early next year and remain within range over the forecast period. Headline inflation is projected to average 4.1% in FY2025-26 and 4% in FY2026-27.

India faces significant challenges in FY25, including global economic slowdown, geopolitical tensions, volatility in oil and commodity prices, climate risks, and the ongoing transition toward sustainability. However, backed by strong economic fundamentals, proactive government initiatives, and sustained policy momentum, the country remains on track to achieve its goal of becoming a \$5 trillion economy in the coming years.

Automotive Industry:

The automotive sector is one of the most important and rapidly developing sectors in the economy. However, the automotive industry faced significant challenges due to adverse macroeconomic conditions during FY25. High interest rates and tighter credit in major markets like US and Europe led to reduced consumer demand, especially in the mass market segment.

The Indian automotive industry comprises several segments, including passenger vehicles, commercial vehicles, two-wheelers, and three-wheelers, etc., The Indian automotive industry is a significant contributor to the country's economy, accounting for approximately 7.1% of the GDP and employing millions of people directly and indirectly. It is a major manufacturing sector and a key player in the global automotive landscape.

The India forging market reached \$5.2 billion in 2024 and is expected to expand to around \$10.2 billion by 2033, at a 7.7% CAGR over 2025–2033. India remains the fourth largest manufacturer of commercial and passenger vehicles in the world.

The worldwide automotive sector is presently undergoing a substantial transformation and expansion, driven by multiple factors influencing its general perspective. Although the industry encounters challenges such as supply chain disruptions and economic uncertainties, it is also reaping the benefits of technological progress and a rising consumer appetite for electric vehicles and luxury automobiles.

India's automotive market is growing due to rising incomes, urbanization, and greater consumer purchasing power positioning itself as a global automotive hub with a promising future. Conversely, the increased tariff risks, global disruption of supply chains, availability of raw material, changing consumer behaviour, and rising geopolitical tensions continue to pose significant risks and challenges to the growth of the automotive industry.

Government initiatives like the Production Linked Incentive (PLI) scheme are encouraging investment in the EV sector. The industry is also emphasizing emission reduction and the adoption of advanced technologies such as connectivity and smart mobility.

Electric vehicle (EV) adoption is set to accelerate, fuelled by advancements in battery technology, greater affordability, and rising demand for sustainable mobility. Government initiatives and growing consumer interest are expected to drive strong growth in the EV segment, though the development of robust infrastructure such as charging stations and better road networks remains critical to supporting this expansion.

Market segments outlook

Key segment analysis:

Commercial Vehicles (CV)

The commercial vehicle (CV) industry in 2025 is experiencing a mix of growth and challenges. While some segments are seeing increased sales, others are facing declines due to factors like

economic conditions and regulatory changes. Overall, the industry is undergoing a transition, with a growing emphasis on electric and hybrid vehicles and a shift in Original Equipment Manufacturers (OEM) dynamics.

India's domestic CV industry is expected to register a 0-3% YoY growth in wholesale volumes in FY2026, following a couple of years of flattish volumes. Growth is expected to be driven by an improving economic environment, coupled with resumption of construction and infrastructure activities after the general elections, and replacement demand due to ageing fleets and government mandates.

The key drivers contributing to the growth and expansion of the CV market in India include strong replacement demand, better financing options, growing economy, infrastructural development and improving road connectivity. The CV Industry in India is also undergoing tough challenges including volatile raw material and fuel prices, global supply chain disruptions, increasing interest cost, reduction in export market.

The export market for CV in 2025 is exposed to several risks, including potential production disruptions stemming from rare earth element shortages, escalating geopolitical tensions, and the evolving landscape of tariffs and trade policies. In addition, shifting demand patterns in major automotive markets and increasing pricing pressures pose further challenges to sustained growth and profitability.

The truck segments faced headwinds, as Medium & Heavy Commercial Vehicles (MHCV) trucks and Light Commercial Vehicle (LCV) trucks experienced declines of 4% and 3% YoY, respectively, attributed to trade disruptions and high financing costs. Although the overall truck segment has seen a minor decrease, the demand for freight movement has been adequately met with fleets transitioning to higher Gross Vehicle

Weight (GVW) vehicles. The growing network of highways and expressways is significantly contributing to the reduction of logistics costs and improving regional connectivity, which positively impacts the performance of this segment.

In the Indian market, there has been a decrease in commercial vehicle (CV) sales, while passenger vehicle (PV) sales have experienced a slight increase in FY25 as compared to FY24. During FY25, sales of commercial vehicles (CVs) declined from 9,68,770 to 9,56,671 vehicles, while total passenger vehicle (PV) sales increased from 42,18,746 to 43,01,848 units compared to the previous year. Sales of MHCV declined by 4% in FY25 compared to the previous financial year.

The CV Segment plays a significant role of MMF in FY25 with overall sales of 80%. Passenger car segment constitutes 11.5% and others 8.5%. The export market conditions remain weak, impacted by geopolitical tensions, trade tariff pressures, a decline in business share in Europe, and a negative outlook for Class 8 trucks in North America. US Class 8 truck sales recorded at 3,07,043 units in FY25 with a drastic decline in number as compared FY24 sales which reported at 3,26,992 units. Overall, the Industry will closely monitor macroeconomic factors and global geopolitics, which will determine the key demand conditions, and supply chain dynamics going forward.

Currency movement: [USD vs INR]

As a result of the economic situation, the value of the Indian Rupee (INR) declined during FY25, reaching ₹85.42 as on March 31, 2025. The INR is anticipated to face continued pressure during FY26 as well.

**INDEPENDENT AUDITORS' REPORT****To the Members of MM Forgings Limited
Report on the Audit of Standalone Financial Statements****Opinion**

We have audited the accompanying standalone financial statements of M M Forgings Limited (hereinafter referred to as “the Company”), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (hereinafter referred to as “the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Our responsibilities under those Standards are further described in the ‘Auditors’ Responsibilities for the Audit of the Standalone Financial Statements’ section of our report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S. No.	Key Audit Matter	Auditor’s Response
NIL		

Information other than the financial statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

Management's Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the standalone financial statements, the Board of Directors of the Company is responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to the going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Company is also responsible for overseeing the financial reporting process of the Company.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the standalone financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or

regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub – section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting with reference to financial statements of M.M Forgings Limited ('the Company') as of March 31, 2025 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to financial statements, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') and the standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control systems over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of the management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely direction of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting with reference to financial statements and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

2.2 Use of estimates

The preparation of the financial statements in conformity with IndAS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

2.3 Inventories

Inventories are valued at the lower of cost and the net realisable value after providing for obsolescence and other losses, where considered necessary. Work-in-progress and finished goods include appropriate proportion of overheads.

2.4 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.5 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.6 Depreciation and amortisation

Depreciation has been provided on straight-line method as per the rates prescribed in Schedule II to the Companies Act, 2013 and accelerated depreciation is provided, wherever necessary. Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful life and the residual value of the assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The expected life is based on historic experience with similar assets as well as anticipation of future events, which may impact their life such as changes in technology.

Property, Plant and Equipment are stated at Cost less accumulated Depreciation and impairment, if any. Costs directly attributable to acquisition are capitalised until the Property, Plant and Equipments are put to use. The Company depreciates Property, Plant and Equipment over their estimated useful life using Straight Line Method.

The estimated useful life of assets are as follows:

Particulars

Building	30 Years
Plant and Machinery	15 Years
Office Equipment	5 Years
Computer Equipments	5 Years
Furniture and Fittings	10 Years
Vehicles	5 Years

Based on technical evaluation, the Management believes that the useful life as given above represents the period over which the Management expects to use these assets. Hence, the useful life for these assets is different from the useful life as prescribed under Part C of Schedule II to The Companies Act, 2013. Depreciation method, useful life and residual values are reviewed periodically, including at each financial year end.

Advances paid towards the acquisition of Property, Plant and Equipment outstanding at each Balance Sheet Date is classified as Capital Advances under Other Non-Current assets and the cost of assets not put to use before such date are disclosed under Capital Work in Progress. Subsequent expenditures relating to Property, Plant and Equipment are capitalised only when it is possible that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and Maintenance Costs are recognised in Net Profit in the Statement of Profit and Loss when incurred. The cost and related accumulated Depreciation are eliminated from the Financial Statements upon sale or retirement of the Asset and the resultant Gains or Losses are recognised in the Statement of Profit and Loss. Assets to be disposed-off are reported at the lower of the carrying value or the fair value less cost to sell.

2.7 Revenue recognition

Sale of goods

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer. Sales do not include GST.

2.8 Other income

Interest income is accounted on accrual basis. Dividend income is accounted for when the right to receive it is established.

2.9 Tangible fixed assets

Fixed assets are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes all expenses incurred in connection with the acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. Exchange differences arising on restatement / settlement of long-term foreign currency borrowings relating to acquisition of depreciable fixed assets are adjusted to the cost of the respective assets and depreciated over the remaining useful life of such assets.

Capital work-in-progress:

Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

2.10 Foreign currency transactions and translations

Initial recognition Transactions in foreign currencies entered into by the Company and its integral foreign operations are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement of foreign currency monetary items at the Balance Sheet date

The Loss, if any, in the case of foreign currency monetary items (other than derivative contracts) of the Company and its net investment in non-integral foreign operations outstanding at the Balance Sheet date are considered / restated at the year-end rates. However, gains if any, are not considered.

Treatment of exchange differences

Exchange differences arising on settlement/restatement of short-term foreign currency monetary assets and liabilities of the Company and its integral foreign operations are recognised as income or expense in the Statement of Profit and Loss. The exchange differences arising on restatement / settlement of long-term foreign currency monetary items are capitalised as part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets. The amount capitalised in the current year is ₹66.50 Lakhs (Last Year ₹(271.47) Lakhs).

Accounting of forward contracts

Premium / discount on forward exchange contracts, which are not intended for trading or speculation purposes, are amortised over the period of the contracts.

2.11 Investments

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments.

2.12 Employee benefits

Employee benefits include provident fund, superannuation fund, gratuity fund and compensated absences.

Defined contribution plans

The Company's contribution to provident fund and superannuation fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made.

Defined benefit plans

For defined benefit plans in the form of gratuity fund / Superannuation fund, the same are covered under Group Gratuity Scheme of LIC and Superannuation Fund with LIC.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service.

These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

2.13 Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalisation of such asset is added to the cost of the assets.

2.14 Segment reporting

The Company is engaged in only one segment - Manufacture of Steel Forgings.

2.15 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

2.16 Taxes on income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets.

Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Current and deferred tax relating to items directly recognised in equity are recognised in equity and not in the statement of Profit and Loss.

2.17 Research and development expenses

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technological feasibility has been established, in which case such expenditure is capitalised. Fixed assets utilised for research and development are capitalised and depreciated in accordance with the policies stated for Tangible Fixed Assets and Intangible Assets.

2.18 Impairment of assets

The carrying values of assets/cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

2.19 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

2.20 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

Management's Responsibilities for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of presentation of the consolidated financial statements by the Directors of the Company.

In preparing the consolidated financial statements, the respective Boards of Directors of the companies included in the Group are responsible for assessing the ability of the respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Boards of Directors either intend to liquidate their respective companies or to cease operations, or has no realistic alternative but to do so.

The respective Boards of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the

aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, have adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE A TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub – section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting with reference to financial statements, of M.M Forgings Ltd ('the Company') and its subsidiary companies, which are companies incorporated in India, as of **March 31, 2025**, in conjunction with our audit of the consolidated IndAS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Boards of Directors of the Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI').

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to financial statements, of the Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') and the standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial

controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial control systems over financial reporting with reference to financial statements, of the Company and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of the management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely direction of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, which are companies incorporated in India, have in all material respects, an adequate internal financial control system over financial reporting with reference to financial statements and such internal financial controls over financial reporting with reference to financial statements were operating effectively as at **March 31, 2025**, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Pursuant to the order dated 3 May 2024 by the National Company Law Tribunal, Cafoma Autoparts Private Limited, wholly-owned subsidiary (the ‘transferor company’) was merged with the Company with an appointed date of 1 April 2023. The order has been made effective on 27 May 2024, upon complying with all the relevant requirements under the Companies Act, 2013.

2 Significant accounting policies followed by the Company: -

2.1 Basis of accounting and preparation of financial statements

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with the relevant provisions of the Companies Act, 2013. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year. Sales does not include GST.

2.2 Use of estimates

The preparation of the financial statements in conformity with IndAS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

2.3 Inventories

Inventories are valued at the lower of cost and the net realisable value after providing for obsolescence and other losses, where considered necessary. Work-in-progress and finished goods include appropriate proportion of overheads.

2.4 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.5 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.6 Depreciation and amortisation

Depreciation has been provided on straight-line method as per the rates prescribed in Schedule II to the Companies Act, 2013 and accelerated depreciation is provided, wherever necessary.

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful life and the residual value of the assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The expected life is based on historic experience with similar assets as well as anticipation of future events, which may impact their life such as changes in technology.

Property, Plant and Equipment are stated at Cost less accumulated Depreciation and impairment, if any. Costs directly attributable to acquisition are capitalised until the Property, Plant and Equipments are put to use. The Company depreciates Property, Plant and Equipment over their estimated useful life using Straight Line Method.

The estimated useful life of assets are as follows:

Particulars

Building	30 Years
Plant and Machinery	15 Years
Office Equipment	5 Years
Computer Equipments	5 Years
Furniture and Fittings	10 Years
Vehicles	5 Years

Based on technical evaluation, the Management believes that the useful life as given above represents the period over which the Management expects to use these assets. Hence, the useful life for these assets is different from the useful life as prescribed under Part C of Schedule II to The Companies Act, 2013. Depreciation method, useful life and residual values are reviewed periodically, including at each financial year end.

Advances paid towards the acquisition of Property, Plant and Equipment outstanding at each Balance Sheet Date is classified as Capital Advances under Other Non-Current assets and the cost of assets not put to use before such date are disclosed under Capital Work in Progress. Subsequent expenditures relating to Property, Plant and Equipment are capitalised only when it is possible that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and Maintenance Costs are recognised in Net Profit in the Statement of Profit and Loss when incurred.

The cost and related accumulated Depreciation are eliminated from the Financial Statements upon sale or retirement of the Asset and the resultant Gains or Losses are recognised in the Statement of Profit and Loss. Assets to be disposed-off are reported at the lower of the carrying value or the fair value less cost to sell.

2.7 Revenue recognition

Sale of goods

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer. Sales does not include GST.

2.8 Other income

Interest income is accounted on accrual basis. Dividend income is accounted for when the right to receive it is established.

2.9 Tangible fixed assets

Fixed assets are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes all expenses incurred in connection with the acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. Exchange differences arising on restatement / settlement of long-term foreign currency borrowings relating to acquisition of depreciable fixed assets are adjusted to the cost of the respective assets and depreciated over the remaining useful life of such assets.

Capital work-in-progress:

Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

2.10 Foreign currency transactions and translations

Initial recognition Transactions in foreign currencies entered into by the Company and its integral foreign operations are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement of foreign currency monetary items at the Balance Sheet date

The Loss, if any, in the case of foreign currency monetary items (other than derivative contracts) of the Company and its net investment in non-integral foreign operations outstanding at the Balance Sheet date are considered / restated at the year-end rates. However, gains if any, are not considered.

Treatment of exchange differences

Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Company and its integral foreign operations are recognised as income or expense in the Statement of Profit and Loss. The exchange differences arising on restatement / settlement of long-term foreign currency monetary items are capitalised as part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets. The amount capitalised in the current year is ₹66.50 Lakhs (Last Year ₹(271.47) Lakhs).

Accounting of forward contracts

Premium / discount on forward exchange contracts, which are not intended for trading or speculation purposes, are amortised over the period of the contracts.

2.11 Investments

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments.

2.12 Employee benefits

Employee benefits include provident fund, superannuation fund, gratuity fund and compensated absences.

Defined contribution plans

The Company's contribution to provident fund and superannuation fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made.

Defined benefit plans

For defined benefit plans in the form of gratuity fund / Superannuation fund, the same are covered under Group Gratuity Scheme of LIC and Superannuation Fund with LIC.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

2.13 Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalisation of such asset is added to the cost of the assets.

2.14 Segment reporting

The Company is engaged in only one segment - Manufacture of Steel Forgings.

2.15 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

2.16 Taxes on income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company. Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Current and deferred tax relating to items directly recognised in equity are recognised in equity and not in the statement of Profit and Loss.

2.17 Research and development expenses

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technological feasibility has been established, in which case such expenditure is capitalised. Fixed assets utilised for research and development are capitalised and depreciated in accordance with the policies stated for Tangible Fixed Assets and Intangible Assets.

2.18 Impairment of assets

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

2.19 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

2.20 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.
